

N. Dharshan

Computer Science and Engineering

A Third-year student pursuing engineering from **Global Academy of Technology in Computer Science and Engineering**.

Inter-disciplinary research interests me. I aspire to work on the **Amalgamation of Technology and Biological sciences** to create a homogeneous system to aid research and diagnosis.

Have a working knowledge of Machine Learning.

Design of **Web and Mobile applications** also holds great interest in me

Education

2024

Bachelor of Engineering CGPA-9.53

Global Academy of Technology

2020

Pre-University PCMB PCM-96%

Cambridge PU College

2018

ICSE-94.33%

The New Cambridge English School

Expertise

• Programming Languages known:

- C Python
- Java JavaScript
- Dart SQL
- HTML PHP

- Data Structures and Algorithm
- UNIX and Shell Scripting

Frameworks

- MERN Stack
- React Native
- Flutter
- Flask
- Django

Language

- English Hindi
- Telugu Kannada
- Sanskrit

Skills and Experience

- Consistently **good academic** score
- **Logical and Analytical** skills
- Worked on projects in **Machine learning, Web Development, Mobile Application Design and Blockchain**
- Part of the **Technical Club** in the college

Achievements

2023

Second Runner up in **Fantom-Code**, RVITM

Participated in **Sentinel Hacks** KSIT Hackathon

2022

Participated in **SheBuilds**

Participated in **HackNITR**, NIT Rourkela

Won Second Place at **Bytefest 2.0**, Global Academy of Technology

Won Consolation at **Hackerrupt**, VVCE, Mysuru

Presented in **National Conference in Emerging Technologies in Engineering**

Won Second place in **Hackbites 2.0**, Global Academy of Technology

Participated in **NMIT-Hacks**, NITTE Meenakshi

Participated in **Hack-Well**, JSS Academy

2021

Participated in **Hack-a-leage**, Global Academy of Technology

22nd place in **Code-a-thon**, BMSEC

2020

Participated in **Hackbites 1.0**, Global Academy of Technology

Won First place in **ByteFest**, Global Academy of Technology
